

This document certifies that the power supplies and associated accessories manufactured by Vox Power are in compliance with Directive (EU) 2015/863 of The European Parliament and of The Council of 31 March 2015 on The Restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment (RoHS Recast Directive). The products are deemed to be compliant in accord with the maximum concentration values issued by the European Union Technical Adaptation Committee (TAC).

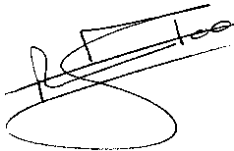

Certain components of the part numbers as stated above are exempted under Annex III of the Directive 2011/65/EU. The components are deemed compliant in accordance with the following exemptions:

- 6c - Copper alloy containing up to 4% lead by weight
- 7a - LEAD in high melting temperature type solders (lead-based alloys containing 85% by weight or more lead).
- 7c1 – Electrical and electronic components containing LEAD in a glass or ceramic other than dielectric ceramic in capacitors (piezo electronic devices) or in a glass or ceramic matrix compound.

All Vox Power RoHS compliant products are identified in accordance with the CE marking requirements.
