

Declaration of Conformity No.1

Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste (PPWR)

Prepared in accordance with Article 39 and Annex VIII of Regulation (EU) 2025/40

1. Unique identification of the packaging:

Packaging used for Vox Power NEVO, VCCM, VCCS, VCCR and EIRE product families, as identified in **Annex A** to this Declaration.

2. Manufacturer:

Vox Power Limited
Unit 2, Red Cow Interchange Estate,
Ballymount,
Dublin 22,
D22 Y8H2,
Ireland

3. Statement of responsibility:

This declaration is issued under the sole responsibility of the manufacturer.

4. Object of the declaration:

The packaging identified in Section 1, with the individual packaging materials, specifications and associated product families detailed in **Annex A** to this Declaration.

5. Conformity statement:

The packaging identified above is in conformity with the applicable requirements of **Regulation (EU) 2025/40 on packaging and packaging waste (PPWR)**.

6. Applicable requirements and technical specifications:

Conformity of the packaging identified in this Declaration has been assessed against the applicable requirements of **Articles 5 to 12 of Regulation (EU) 2025/40**, based on the packaging information and supporting technical documentation identified in Annex A.

6.1 Article 5: Substances in packaging:

Vox Power packaging complies with the applicable requirements of Article 5 PPWR concerning substances in packaging. Supporting material and substance compliance information is maintained as part of the associated technical documentation.

6.2 Article 6: Recyclable packaging:

Vox Power packaging is designed to be recyclable through established material recycling streams. The principal packaging materials include cardboard, paper, wood, steel and recyclable plastic materials, as detailed in Annex A.

Vox Power will assess and, where necessary, update its packaging in accordance with the applicable design-for-recycling criteria and recyclability performance requirements as these become applicable under Article 6 PPWR.

6.3 Article 7: Minimum recycled content in plastic packaging:

Vox Power will ensure that applicable plastic packaging meets the minimum recycled content requirements of Article 7 PPWR within the applicable implementation timelines.

6.4 Article 8: Biobased feedstock in plastic packaging:

Article 8 does not currently impose specific biobased feedstock requirements or targets applicable to Vox Power packaging. Vox Power will review and address any applicable requirements introduced pursuant to Article 8 within the relevant implementation timelines.

6.5 Article 9: Compostable packaging:

The specific compostability requirements of Article 9 PPWR are not applicable to the packaging currently used by Vox Power. Vox Power packaging will be managed in accordance with the applicable recyclability requirements of Article 6.

6.6 Article 10: Minimisation of packaging:

Vox Power packaging is designed with consideration for the efficient use of packaging materials while maintaining the protection, stability and safety required for transport, handling and storage.

Vox Power will assess and, where necessary, update its packaging in accordance with the packaging minimisation requirements of Article 10 and Annex IV PPWR within the applicable implementation timelines.

6.7 Article 11: Reusable packaging:

Where reusable packaging is used, including reusable transport packaging where applicable, Vox Power will ensure that the applicable requirements of Article 11 PPWR are addressed.

Wooden pallets used for transport may be reused where their condition and intended use permit.

6.8 Article 12: Labelling of packaging:

Vox Power will ensure that its packaging meets the applicable labelling and information requirements of Article 12 PPWR within the relevant implementation timelines.

7. Harmonised standards and other technical specifications:

No harmonised standards or common specifications have been applied for the purposes of this Declaration. Conformity is supported by the packaging information and technical documentation identified in Annex A and associated supplier documentation.

8. Notified Body:

Not applicable. No notified body has been involved in the conformity assessment covered by this Declaration.

9. Additional Information:

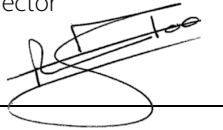

Vox Power maintains supporting technical documentation and relevant supplier information for the packaging covered by this Declaration. Packaging compliance information will be reviewed and updated as necessary to reflect applicable regulatory requirements and material or packaging change.

Signed for and on behalf of Vox Power Limited

Place of issue : Dublin
Date of issue : 27 August 2026

		Strapping Tape	PET	1	Variable	175.5	Recyclable	Not Confirmed	

GUIDE

Material	Cardboard, PS, PE, PP, PET, etc
Recycle status	Compostable, Recyclable, Single Use
Comments	Add details of any labels added to the packaging inc adhesive used. Add details of the substances in the ink For any pallet wrap plastic, add the amount of plastic is from recycled material sources.
Weights	Weights shown are the approximate weights of the individual packaging components.
Quantity/allocation	Identifies the typical allocation of shared packaging components to packed products.
Recycled Content	Where recycled content is not confirmed, supplier information will be obtained before the applicable Article 7 requirements take effect.
